

UNIVERSAL SENIORS SOCIAL SERVICES UGANDA (USSSU)

MONTHLY REPORT – NOVEMBER & DECEMBER - 2024

INTRODUCTION

This covers the report for the above period which included:

In the month of Nov, I did more of reaching out to different District head offices to seek permission for the Medical Camp which was held on 11th/ Dec/ 2024 and these were: District Chief Administrative Office (CAO), the District Resident Commissioner (RDC), the Chairperson Local Council V (LC V), the District Health Officer, Bubulo Health Center In-Charge; among others were the business community, banking institutions, non-governmental Organizations and the general community.

Activities that took place in December were the medical camp and Christmas celebrations with our clients.

They were very successful and we thank God for all the provision during all these.

On the 11th/ Dec /2024, we held our medical camp which attracted 450 clients according to the coupons that were distributed.

The clients came as far as Manafwa, Namisindwa and Bududa and by 7:00 am most of them had arrived.

A look at some photo taken during the exercise.

Taking BP

Dr. Betty handing over donations to the Health In-charge

Christmas Party

The other activity that took place in December was a Christmas party and gifts that were given to the clients. Most of them turned up apart from a few that were weak to move but had care-takers represent them and one who couldn't make it either way I had to deliver to his home.

It was such an exciting moment to eat together, dance and share words of encouragement. Everyone was very happy, excited and thankful to God and USSSU Board for all that was done.

Pictures take during the function.

MONTHLY REPORT – NOVEMBER & DECEMBER - 2024

Celebrating special gifts

Appreciations:

We greatly appreciate everyone who contributed in any way possible to make these functions successful:

- USSSU Board members
- District political and the technical team
- Dr. Brenda
- Facility In-Charge and staff
- St. Mark COU leadership
- Post bank Uganda- Manafwa Branch
- Glorious Primary school management
- The Natifu family.

- Open Gate Radio
- Well- wishers
-
- Service providers, to mention but a few.

I acknowledge this year's medical camp was better managed than the previous due to all these stakeholders having a hand in it.

Lessons learnt, challenges may be shared later.

Bilali Erina, aged 102 is the oldest among the clients.

Thanks,

Reported by,

Nabitiri Beatrice

Program Coordinator.
